"BLASTER"

LPS[®] 1 Greaseless Lubricant

- Dry, thin film lubrication
- Water displacer – dries out wet electrical/electronic components
- Lubricates delicate mechanisms
- Loosens frozen parts
- Will not stain – harmless to rubber, plastic, paint and fabrics.
- Won't attract dirt or dust
- Contains no chlorinated solvents
- Ideal for use in ultrasonic cleaners

CHM 431 11 oz.

LPS[®] 2 General Purpose Lubricant

- Leaves light oily coating
- Quickly penetrates and loosens rusted and frozen parts
- Protects against rust and corrosion for more than a year
- Excellent protective coating for hand and machine tools
- Safe on rubber, paint and plastic
- Reduces wear caused by friction and corrosion
- Contains no chlorinated solvents

CHM 406 11 oz. CHM 161 1 gal.

LPS[®] 3 Heavy-Duty Rust Inhibitor

- Forms heavy, waxy film to resist moisture, sand, dirt, dust, and vibration.
- Heavy-duty chain lubricant and anti-seize coating
- Outdoor rust and corrosion protection under severe weather conditions for up to two years
- Stops exfoliation or flake form corrosion of aluminum
- Safe on rubber, paint and plastic
- Contains no chlorinated solvents

CHM 436 11oz. CHM 518 1gal.

LPS[®] Instant Cold Galvanize

- 95% zinc rich heat resistant (non-paint) coating stops rust and corrosion
- Repairs rusted, galvanized and welded surfaces by electrochemically fusing with bare metal
- Protects up to three years – will not yellow, chalk, crack or peel.
- Can be used as a primer or left as gray matte finish coat
- Works on all metals
- Works on rusted surfaces
- Uses alkyd binders to prevent deterioration caused by sunlight and radiation

CHM 441 16oz.

LPS[®] Instant Super Cleaner/Degreaser

- Heavy duty safety solvent
- Cleans and degreases parts and equipment without disassembly, eliminating downtime
- Penetrating action instantly removes oil, grease, wax, dirt, moisture, tar, brake fluid and other contaminants
- Nonflammable and non-staining
- Leaves no residue, no rinsing needed
- Works while equipment is in operation
- Contains no petroleum solvents
- Safe to use on fabrics

CHM 320 20 oz.

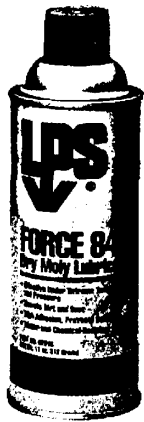

LPS[®] Electro Contact Cleaner

- Cleans electrical/electronic components and delicate mechanisms
- Penetrates and removes greases, oils, dirt and organic soils
- Safe on all rubber, paint, plastic, metal, fabric and glass surfaces
- Nonflammable, non-toxic and non-explosive
- Superior wetting action has high dielectric qualities
- Evaporates completely, leaving no residue

CHM 520 11 OZ. CHM 524 15 OZ.

LPS® Force 842 Dry Moly Lubricant

- Withstands corrosive and hostile environments and high temperatures to 842 F and high pressures to 100,000 psi
- Dries quickly, resists dirt and dust build up and provides excellent water and chemical resistance
- Ideal for assembly and break-in lubrication
- Prevents sliding or threaded parts for seizing together

CHM 434 11 oz.

LPS® Chain & Wire Rope Lubricant

- Increase life of chains and wire ropes not fitted with oil baths or auto. lubrication systems
- Penetrates to core of wire ropes
- Works under extreme conditions
- Reduces wear caused by friction and corrosion
- Resists water washout, sling off, acid and alkali fumes and dust pickups

LUB 692 14 oz.

LUBRICATING OILS 3-IN-ONE

LUB 665

(Spout Cans)

Ideal for sewing machines, carpet sweeper, locks, hinges and typewriters. Fits pocket, tool box, sewing machine or typewriting drawer.

RIDGID Nu-Clear Thread Cutting Oil
LUB 780 1Pt. LUB 786 1Gal.
LUB 781 1Gal Dark

ENERPAC Hydraulic Oil LUB 710

LUBRICATING OILS LIQUID WRENCH

A powerful blend of quick-acting solvents to free parts frozen by rust, corrosion, scale paint, or carbon. Quickly loosens bolts, nuts, hinges and pipe joints and is recommended for mufflers, brake cables and battery terminals. Contains no acids or alkalis and is harmless to metals. Will protect finely finished pieces and is excellent for use on guns, clocks, fishing equipment and typewriters.

Problem and solution summary

Problem	Solution	Product(s)
Cargo tank cleaning after mineral oils	Solvent emulsion cleaner and waterbased cleaners	Seaclean, Coldwash HD, Cleanbreak Seacare OSD, Enviroclean, Tankclean Aquabreak PX
Cargo tank cleaning after drying semi-drying and non drying natural oils and fats	Saponifying and emulsifying detergents	Alkleen Safety liquid, Aquabreak PX Enviroclean, Alkleen Liquid
Cargo tank cleaning after petrochemicals and light hydrocarbons	Emulsifying detergents	Alkleen Safety Liquid, Aquabreak PX Enviroclean, Alkleen Liquid
Cargo tank cleaning after general chemical cargoes	Saponifying dependent on cargo type. See Unitor Rochem Tank Cleaning Guide	Enviroclean, Cleanbreak, Seaclean Coldwash HD, Alkleen Safety Liquid Seacare OSD, Aquabreak PX Alkleen Liquid
Cargo tank sanitising and deodourising	Wash with aqueous cleaner solution	Alkleen Safety Liquid, Enviroclean Aquabreak PX Alkleen Liquid
Hydrocarbon gas-freeing	Following normal or specific cleaning, wash with aqueous cleaner solution	Enviroclean, Aquabreak PX Alkleen Safety Liquid, Alkleen Liquid
Fuel and lube oil tank cleaning	Heavy duty degreasers and emulsifying agents for roll cleaning method	Seaclean, Coldwash HD, Tankleen
Removal and passivation of rust and oxidation from ferrous and non-ferrous metals	Special purpose inhibited acid cleaner	Metal Brite, Metal Brite HD
General shipboard cleaning	General purpose solvent emulsion cleaner or aqueous cleaners	Enviroclean, Fore & Aft, HP Wash Aquabreak PX
General removal of carbonaceous oil, varnish and grease residues	Special purpose solvent	Air Cooler Cleaner, ACCLT Carbon Remover, Carbonclean LT
Removal of small oil spills on board	Detergents, dispersants and emulsifiers	Seacare OSD, Enviroclean, Coldwash HD Tankleen, Seaclean Aquabreak PX
Oil spills on sea, in harbours, beaches and rocky shores	Low toxicity, biodegradable oil spill dispersant	Seacare OSD, Seacare Ecosperse
Cleaning electrical apparatus	Special purpose volatile non-inflammable solvent	Electrosolv, Electroquick NF
Degreasing marine diesel engine cooling water systems	Heavy duty solution of solvent emulsion cleaners	Coldwash HD, Seaclean, Cleanbreak, Tankleen
Removal of grease and carbon based deposits from turbochargers	Special purpose solvent	Air Cooler Cleaner, ACCLT Carbon Remover, Carbonclean LT
Removal of grease and carbon based deposits from the air side of air coolers and other heat exchangers	Special purpose solvent	Air Cooler Cleaner, ACCLT Carbon Remover, Carbonclean LT
Cleaning the oil side of the lube oil heat exchangers	Solvent emulsion cleaners	Coldwash HD, Seaclean, Cleanbreak, Tankleen
Cleaning the oil side of fuel oil heaters	Heavy duty solution of solvent emulsion cleaner or Fuel Oil Treatment compound	Fuelcare, Seaclean, Air Cooler Cleaner, ACCLT
Removal of water scale from the water side of heat exchangers	Inhibited acid cleaner	Descalex, p Descaling Liquid
Removal of water scale from boilers	Inhibited acid cleaner	Descalex, Descaling Liquid
Cleaning sinks, toilets, showers & sewage systems from grease, fat, sewage, starch and other organic compounds	Special purpose biochemical	Gamazyme BTC Gamazyme MSC Gamazyme DPC Gamazyme 700 FN
General Accommodation Cleaner	Special purpose detergents	Fore & Aft, Enviroclean, HP Wash Uniwash, Aquabreak PX
Cleaning of separator disc stacks from tenacious deposit and scale	Soak disc's in a solution of emulsifying and special inorganic inhibited acid solvent	Disclean
Cleaning and degreasing of concrete and cement	Detergent containing emulsifying and inorganic acids	Disclean, Metal Brite, Metal Brite HD

UNITOR
CHEMICALS

UNITOR MARINE CHEMICALS

COLDWASH

Features and Benefits

COLDWASH is a heavy duty solvent emulsifier economical and ready to use, containing petroleum solvents, emulsifiers and surfactants, used as a tank cleaner or for general degreasing.

Wide application range -from tank cleaning to heavy duty degreasing.

Wide cleaning spectrum - effective on mineral oils and petroleum based chemicals.

Powerful solvent with quick penetration and emulsifying properties.

Rapid rinsing, leaving clean oil-free surfaces.

Safe to use on most metal surfaces, painted surfaces and tank linings.

Recommended for use with high pressure and steam cleaning equipment.

CHM 077 Coldwash 25 LTR

CHM 094 Coldwash 210 LTR

ELECTROSOLV

Features and Benefits

A chlorinated solvent, having a controlled evaporation rate, for cleaning and degreasing electrical equipment.

Rapid penetration and action.

Powerful solvents with controlled evaporation.

Efficient cleaning with no grease film or moisture residue.

Harmless to properly applied electrical insulation.

Non-corrosive - can be used on all normal components with no risk of corrosive damage.

Non-inflammable and low toxicity.

CHM 342 Electrosolv 25LTR

Also available

CHM 326 DEGREASER 25LTR

SEACLEAN

Features and Benefits

SEACLEAN is a highly concentrated detergent emulsifier for cleaning tanks at sea where mechanical agitation is limited.

Highly concentrated.

Versatile, can be used for a wide application range.

Economical, can be diluted with kerosene or diesel oil.

Easy to use by any conventional means including tank washing machines.

Low toxicity when mixed with water at recommended levels.

CHM 311 Seaclean 25 LTR

CHM 330 Seaclean 210 LTR

CLEANBREAK

Features and Benefits

CLEANBREAK is a general all-purpose degreaser with an emulsion breaking solvent, used for engine room and cargo tank cleaning. It allows the slop water to break into two separate oil and water phases.

Works in conjunction with oily water separators to meet current IMO recommendations.

Highly effective, economical solvent.

Rapid penetration.

Slop emulsions break down into two distinct phases.

Water phase completely free of chemicals and containing less than 15ppm of oil.

Allows oil residues to be reclaimed.

Reduces disposal costs and associated problems.

Low toxicity, non corrosive.

CHM 102 Cleanbreak 25LTR
